About Us

Liberation Successful Team is dedicated to supporting authors by providing ARC (Advance Review Copy) distribution and verified review strategies. Our mission is to help authors gain visibility, build credibility, and connect with their target readers. We work with a network of educated, genre-specific readers who love discovering new books and leaving authentic reviews.

How It Works

1. You provide us with your book (digital or paperback).
2. We distribute it to our trusted review network.
3. Readers read and leave honest reviews across major platforms.
4. We amplify your visibility with optional newsletter and feature promotions.
